## The all new Flexion Microscope from CJ-Optik Awarded for design, designed for dentists!

GERMAN  
DESIGN  
AWARD  
SPECIAL  
2017

Exclusive unibody construction offers purity of form and perfection of function. The microscope is created using a minimalist design philosophy, demanding that less is truly more. All essentials, Included!

The highest quality German optical and machining skills are combined to create a no-compromise system of elegance and simplicity.

Suddenly, all of the confusing options  
become crystal clear!
